

## REMARKS

### Amendments in the Specification

The specification has been amended to correct typing errors and for the purpose of clarification. There is no new subject matter added by any of these amendments.

### Amendments in the claims

Applicants elect the invention of claims 1-4 of Group I, and a species represented by compound 2 found in Figure 4. The election is made without traverse and without prejudice.

Original claims 1-4 and new claim 15 are readable on the elected species.

Claim 1 has been amended to correct the typing errors in the chemical structure of the compound of Formula (I) and the structures of optional side chains. Other changes in claims 1-4 are made for the purpose of clarification. There is no new subject matter added by way of these amendments.

Claims 5-14 have been cancelled as being directed to non-elected subject matters in accordance with 35 U.S.C. §121. Applicants retain the right to include the non-elected claims in one or more divisional applications.

Claim 15 is new. The support of the new claim may be found throughout the specification and in particular in Figures 4-5.

Entry of the amendments, and the action towards allowance of the application as amended is respectfully requested.

Respectfully submitted
